### **Jazz And Rock n' Roll Music Education to 4500 Local Students**

So much has happened in the last six months - it has all come together and we could not be happier!

The Jazz episode is an exploration of the origins and unique aspects of Jazz music. Narrated by Oregon Music Hall of Fame Inductee Iris Harrison of KGON, the episode exposes kids to the historical roots of Jazz, the musical instruments commonly found in Jazz and famous Jazz musicians of the past and present. The students loved it!

### ***The Birth of Rock n' Roll - The 1950s and 1960s***

**The Birth of Rock n' Roll** focuses on the historical facts, instruments, styles, dances and artists of the 1950's and 1960's. Once again we were so very lucky to have Iris Harrison of KGON narrating this episode and bringing her Rock n' Roll roots to this amazing episode!

We are thrilled to work with both of these amazing organizations and look forward to connect our schools to live music opportunities, artists in residence as well as instrument donations. We look forward to giving a more detailed description of the offerings in our next newsletter.
