

Be The Maestro Match Challenge

Quadruple Match for Music Workshop!

Exciting news! We have been given a challenge by 4 donors.

Each donor will match up to \$5000 in donations to Music Workshop supporting the development of "**Maestro's Movements**". For every \$10 donated, Music Workshop will receive \$50. Our goal is to raise \$25,000 so we are able to develop the initial phase of "Maestro's Movements", a student-facing, one-of-a-kind, free of charge music education program that will provide the opportunity for all students to be educated, inspired and motivated through music! Music Workshop is a 501(c)(3) so all financial donations are 100% tax deductible. We only have until May 25th to make the match so please donate today.

"Maestro's Movements" - Beta

Maestro's Movements: Instruments of the World Storytellers

"Maestro's Movements" is a multi-level web-based platform that will provide students access to grade-appropriate music education, enabling them to learn outside of the classroom on their own time and at their own pace. The "Movements" are short educational videos that teach students about the world of music, including history, genres, instruments, influential musicians, styles, terms and more. Each "Maestro Movement" also provides students with extended learning opportunities such as music games, instrument instruction, interactive activities and concerts. The program is designed to be effective both as a standalone program and as a supplement to the Music Workshop in-school program.

Music Workshop Update

We have far exceeded our goals for school participation this year. Currently there are 57 schools (over 18,000 students) in Oregon and Washington participating in our program -**over a 500% growth in less than 2 years**. We receive feedback daily from students, parents and educators on the positive impact our program is having and the ways it is educating, inspiring and motivating young students. Below is one

of many letters we have received that demonstrates the impact our program is having with students.

Dear Music Workshop (Mrs. Ritcher),

I really appreciate all your work and effort, put in to music workshop! I love music so much, and since my school does not have music class I don't get to hear much about it. So when my librarian showed my class music workshop, I was so thrilled. Not only do I get to hear different types of music like, Jazz, Rock, and classical it teaches me about the true art of music. Although, I do have one note maybe you could add more modern music? Other than that I love music workshop!

Lover of Music Workshop,

Kaylen McAdams
