## Annual Report | 2013-2014

### A Note from the Executive Director

*Executive Director of Music Workshop, Amy Richter*

Wow! What a year it has been. I couldn't be more proud of our program, our supporters and all of the fantastic students. This past year, I was given the gift of teaching over 150 classes from Kindergarten-8th grade in 3 out of our 20 participating schools. I call it a gift because I love teaching kids about music history and appreciation and feel so lucky considering all of the education given back to me from the students. I am looking forward to this next year and to expanding our outreach into additional parts of Oregon and

Washington. If you know a school that would like to have our program, please have them contact me and we will get them signed up for this coming school year. Many thanks to everyone who has donated time, talent and funding to make this program a reality.
